Aspiring Software Engineer with a strong academic background in Information Technology and hands-on project experience in AI/ML. Skilled at solving complex problems through analytical thinking and programming, with a passion for delivering impactful, technology-driven solutions.

Education

B.Tech, Information Technology	2023 – 2027
Vel Tech High Tech Dr. Rangarajan Dr. Sakunthala Engineering College, CGPA – 7.77/10	
12th (Senior Secondary Examination)	2022 – 2023
Jaya Matriculation Higher Secondary School, Tamil Nadu State Board, 79.33%	
10th (Secondary Examination)	2020 – 2021
Jaya Matriculation Higher Secondary School, Tamil Nadu State Board, 100%	

Technical Skills

- Programming Languages – Java, Python
- Database – MySQL, PostgreSQL
- Tools & Automation – N8N (AI Agent Building)

Internships

Artificial Intelligence Intern, Top Tech Developers	11th Jun – 25th Jul 2025
• Worked on AI-focused tasks, gaining hands-on exposure to core concepts and practical implementation. • Assisted in building, testing & evaluating AI/ML models; collaborated with the team to debug outputs and document findings.	

Academic Projects

1. Employee Payroll Management System	Apr 2026 – Jul 30, 2026
Technologies Used: Java SE 17, Java Swing, AWT Employee management, payroll processing & payslip generation with secure login and CSV storage. • Add, update, search, and delete employee records. • Automates salary calculation with allowances and deductions. • Generates printable payslips and an interactive payroll dashboard.	
2. Deep Fake Detector using Python & Deep Learning	Sep 2024 – Feb 2025
Technologies Used: Python, OpenCV, TensorFlow/Keras, Convolutional Neural Network (CNN) CNN-based system to detect deepfake videos/images; trained & optimized on public datasets.	
3. AI Health Assistant System – Symptom Checker & Diet Recommendation	Sep 2025 – 2026
Technologies Used: Python, TypeScript, Mistral 7B, LoRA • Predicts possible health conditions from symptoms and gives personalized diet recommendations. • Offers a user-friendly system for quick, effective health guidance.	

Achievements

1. Best Idea Presentation Award – Internal Smart India Hackathon	2023
• Institution Innovation Council, Vel Tech High Tech Engineering College, Chennai – awarded for an innovative project idea (Optimizing Riding Quality); recognized for creativity and problem-solving.	
2. IBM Z Datathon 2024 – Global Datathon Event	2024
• Hosted by Shooting Stars Foundation and powered by IBM; applied data analysis on real-world datasets and earned a Certificate of Appreciation.	
3. Innovation Excellence Award – Mini Project Review	11th Oct 2025 & 13th Oct 2025
• Vel Tech High Tech Engineering College, Avadi, Chennai – recognized for “AI Health Assistant System – Symptom Checker & Diet Recommendation”, presented at the Mini Project Review by AICTE IDEA Lab & Institution's Innovation Council.	

Soft Skills

Time Management | Communication | Problem Solving
